

HP Slate 500 Tablet PC

The Right Business Touch

Create, edit and review content with the light-weight HP Slate 500 Tablet PC, offering a full-featured Windows-based experience and touch capabilities.

Windows®. Life without Walls™. HP recommends Windows 7.

The HP Slate 500 Tablet PC is ideal for those who use custom applications built for the familiar and secure Windows® environment. It also enables employees with jobs that frequently take them away from a traditional desk to stay connected and remain productive.

Touch it or write it

Get your work done more intuitively. The capacitive multi-touch display of the HP Slate 500 lets you navigate on the screen with the touch of your fingers. Use the HP Slate Digital Pen and Evernote® software to handwrite e-mail messages and take notes easily.

Stay productive

With a starting weight of only 1.5 lb (0.68 kg), the HP Slate 500 enables professionals to check e-mail, browse the Internet,² read and edit documents, presentations, spreadsheets and more. The Windows 7⁴ Professional 32 bit operating system is pre-installed on the HP Slate 500 and runs your familiar x86 software, including custom applications.¹²

Show videos (such as training or product videos) and stream video from the web on the HP Slate 500.⁷

The integrated VGA webcam on the front of the HP Slate 500 enables video conferencing,⁷ while the 3MP camera on the back of the Slate 500 can be used for still-image and video capture.

Stay connected

Cut the cords and stay connected. With Wi-Fi CERTIFIED™ WLAN, you can send and receive e-mails or access the internet – at work, at home and at your favorite hotspots.² Plus, the Bluetooth® technology provides wireless short-range communication or connectivity between other Bluetooth devices such as printers, mice and headsets.

Expand your workspace

Rest the HP Slate 500 in the HP Slate Dock and gain a desktop experience with two additional USB 2.0 ports and an HDMI port. Easily connect accessories such as keyboard, mouse and printer with the built-in USB 2.0 port. Insert your SD card to import photos or other files in a snap.

Enjoy the power of Windows® in your hands with the HP Slate 500 Tablet PC.

Slate 500 Tablet PC

Windows®. Life without Walls™.
HP recommends Windows 7.

1. This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and to take full advantage of Windows 7 functionality. See <http://www.microsoft.com/windows/windows-7/> for details.
2. Wireless access point and Internet service is required and is not included. Availability of public wireless access points limited.
3. Sold separately or purchased as an optional feature.
4. Requires Microsoft Windows.
5. Intel's numbering is not a measurement of higher performance.
6. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 15 GB (for Windows 7) of system disk is reserved for the system recovery software.
7. Internet access required.
8. An adapter or dock would be required for use with a projector for presentations. Adapter and dock are sold separately.
9. Internet service required. Playback may vary due to connection speeds, location, environment, network conditions and other factors.
10. HD content required to view HD images.
11. The HP Slate Dock with the HDMI port is required for the monitor connectivity.
12. Compatible with 32 bit software and applications only.
